To Whom It May Concern:

IIMAK certifies that the following thermal transfer products comply with the following legislation by the European Union:

- EC Directive 2002/95/EC - Restriction of Use of Hazardous Substances (RoHS) which requires the elimination of mercury, cadmium, lead, hexavalent chromium, PBB, and PBDE flame retardants.
- EC Directive 2003/11/EC – Restriction on the Marketing and Use of Certain Dangerous Substances and preparations. The substances are pentabromodiphenyl ether (pentaBDE) and octabromo-diphenyl ether (octaBDE).
- EC Directive 67/548/EEC – Classification, Packaging, and Labeling of Dangerous Substances.
- EC Directive 1999/45/EC – Classification, Packaging, and Labeling of Dangerous Preparations.
- EU Directive 76/769/EEC (2006/122/EC) - COM(2005)0618 - C6-0418/2005 - 2005/0244(COD)
- EC Directive 2009/251/EC – requiring Member States to ensure that products containing the biocide dimethylfumarate are not placed or made available on the market.
- EC Directive 2007/19/EC – Amendment on Directive 2002/72/EC - relating to plastic materials and articles intended to come into contact with food and Council Directive 85/572/EEC laying down the list of simulants to be used for testing migration of constituents of plastic materials and articles intended to come into contact with foodstuffs.

The following part products supplied by IIMAK were reviewed and found to be in compliance with the above-listed directives:

GP725
Fastwax
High Mark
PM308
PM255
PM360
SP330

NetMark IQ
NetMark
NetPremium
NetResin IQ
NetColour
NetFlex
DC100
DC200
DC300
DC400

The raw materials used in the manufacturing of these products are all TSCA listed. There have been no intentional additions of heavy metals or brominated flame-retardants. The finished ribbons are considered articles when sold.

Note that our compliance statement is based on a review of available MSDSs for the ingredients associated with our finished products.

Please address any related questions to sales@iimak.be.

Best regards,

Sofie Alen
