

IIMAK Products UL Recognition Information

Ribbon, label and adhesive in combination are recognized. UL recognitions are typically held by the label manufacturers.

Step 1:

You must know:

- Label manufacturer, brand or specification number
- Adhesive specification number
- Ribbon brand

Step 2:

- Visit www.ul.com
- Click on "Certifications", then "Visit the Online Certifications Directory" box
- Enter the UL File Number (noted below) and "Search"
- Select the appropriate "Printing Materials – Component"
- Find your label stock and adhesive (in MS Explorer, Edit/Find)
- Check which label material/ink combinations are accepted.
- For assistance, call IIMAK Tech Support at 888-372-0137, or your label manufacturer directly

See Page 2 for Supplier - Label Material / Ink Combination chart.

PLEASE NOTE:

The information in this document is static as of November 19, 2010. Please refer to the UL website for the most current information. Accuracy is not guaranteed.

This is only a partial list of all UL Recognitions for "Printing Materials – Component"
